

## eBook Reader 3.0

### eBook Reader with 7" TFT display, image viewer and MP3 player

The TrekStor eBook Reader 3.0 convinces with its speed, low weight and left hander friendly operation. Thanks to a position sensor, the originally on the right side arranged control panel can be operated after rotating the device even with the left hand.

The reader supports texts of all common eBook formats, such as ePub, PDF, supports Adobe DRM, TXT and FB2, which can be displayed in 5 different font sizes and can be enlarged additionally through the integrated zoom function. An intuitive bookmark manager allows you to add bookmarks as well as directly selecting a list.

The dull, 7" (17.7 cm) TFT display, with 800 x 480 pixels, enables with its backlighting not only reading in the dark, but can be used thanks to the integrated image viewer with slideshow function additionally as a photo album for JPG, BMP or GIF files. The built-in MP3 player plays music in the formats MP3, OGG, WAV or WMA – either from the 2 GB internal memory or via the inserted microSD/microSDHC memory card (up to 32 GB). 9 equalizer settings, ID3 tag display, shuffle function as well as 8 repeat functions increase the listening pleasure.

The built-in Li-polymer battery provides up to 30 hours of music or up to 8 hours of reading pleasure and is charged via micro USB 2.0 cable.

## Technical details
